"manufacturers of high quality custom built English saddles"

SOON TO BE LAUNCHED

ROYAL INTERNATIONAL AT HICKSTEAD

We will be launching our new dressage saddle at The Horse Event in The Netherlands this weekend

This exciting new saddle not only has what it takes as far as performance in the design, but comfort and luxuriousness in the style and appearance

We are inviting ideas for a new name

The Black Country Saddles BSPS Supreme Working Hunter Pony Championship went to Mrs Sloan's Highgrove Valentino ridden by Stuart Sloan who had travelled all the way from Scotland, so a trip worthwhile

Mostly the weather held off for the show and attendance was as good as ever.

Our own sponsored rider Cassie Hartley was placed a credible 8th in The Jackson Homes/BSPS

Intermediate Large Show Riding Championship riding the 8 year old Classic Coincidence.

Waredaca Events

2009 Laytonsville, MD, USA – we are proud to be the official saddle sponsor this year, come and visit us at the booth which will be at the October 3 day horse trials.

Lorna Hogg and De Marco's - news update on her new Celeste saddle July 2009

"I have just returned from the Home International and Celtic Challenge after successfully completing another 2 day 160km ride this time for the Scottish Team. Scotland were 2nd in both events! Really delighted once again, especially since the conditions were less than ideal. I guess Kay also told you how much muscle he has put on across his back!! It was quite amazing to see! The new girth - wow it feels fab!"

Congratulations to Pat Smith from Liverpool who won the prize of a Comfort Bridle by responding to the questionnaire organised by Warwickshire college for their project on consumer behaviour. The results were very interesting and your participation was much appreciated.

New dealers

Willow Green Saddlery, Merseyside, UK

Parnabys, Yorkshire, UK Parnet Sadelmaker, Sweden
